CASTINGS TECHNOLOGY	Brunel Way, Advance Manufacturing Park, Rotherham, S60 5WG Unit 2, Tinsley Depot, Shepcote Lane, Sheffield, S9 1DL	QAF 1139	
		Date	Aug 26
Quality Policy		Issue No.	43
		Issued By	MS / NC

Castings Technology International Ltd is committed to supplying high – quality investment castings and associated services that consistently meet or exceed customer, statutory, regulatory and applicable industry requirements.

Our objective is to achieve customer satisfaction through technical excellence, robust process control, defect prevention, product safety and on – time delivery of conforming products. We are committed to maintaining an effective Quality Management System certified to **BS EN 9100**, supported by our **ISO/IEC 17025** laboratory accreditation and **NADCAP** special process accreditations, ensuring that all products and services consistently satisfy applicable customer, statutory and regulatory requirements.

To achieve this, we are committed to:

- Understanding and meeting customer requirements throughout the product lifecycle.
- Promoting a culture of quality, product safety, accountability, ethical behaviour and continual improvement throughout the organisation.
- Applying risk – based thinking and effective process management to prevent defects, minimise variation and ensure product conformity.
- Providing and maintaining a safe, inclusive, respectful and non-discriminatory working environment that supports employee wellbeing, collaboration and the effective operation of our processes.
- Ensuring our personnel are competent, trained and aware of their contribution to quality, product safety and customer satisfaction.
- Providing the resources necessary to achieve our quality objectives and continually improve the effectiveness of the Quality Management System.
- Maintaining the integrity, traceability and confidentiality of customer products, information and intellectual property throughout all stages of manufacture.

Quality, product safety and ethical behaviour are the responsibility of every employee. Management is committed to communicating this policy, establishing measurable quality objectives, monitoring performance, providing the necessary resources and continually improving the effectiveness of the Quality Management System to support the long – term success of our customers, employees and the business.
